PROFESSIONAL SUMMARY

Software Engineer with an M.S. in Computer & Information Science from Marquette University specializing in AI, Machine Learning, Computer Vision, and Embedded Systems. Experienced building full-stack applications, intelligent data-driven systems, and research-focused AI solutions. Passionate about developing scalable technology that improves efficiency, reduces costs, and delivers measurable business and social value.

CORE TECHNICAL SKILLS

Python • Java • JavaScript • C • SQL • React • Node.js • Spring Boot • Django • Flutter • PyTorch • Scikit-learn • Pandas • MATLAB • Computer Vision • Docker • Kubernetes • Git • Linux • AWS • Azure • GCP

PROFESSIONAL EXPERIENCE

Software Engineer Intern | International Institute of Wisconsin | Sep 2025 – May 2026

- Built full-stack MERN and Python applications from requirements through deployment.
- Developed REST APIs, integrated databases, and collaborated across the SDLC.

Technical Support Assistant | Marquette University Law School | Aug 2025 – Jul 2026

- Provided enterprise IT support, troubleshooting, and systems administration.

Operations & Information Systems Consultant | Gijima Deliveries | 2023 – 2025

- Improved logistics workflows, databases, and enterprise applications.

FEATURED PROJECTS

Proof of Delivery Application: Designed and developed a cross-platform mobile application for proof of delivery.

Automated Vehicle Tracking & Traffic Analysis: Developed a MATLAB computer vision system for vehicle detection, tracking, speed estimation, and traffic analytics.

Adversarial Robustness of AI-based Threat Detection: Evaluated FGSM and PGD attacks and defenses using PyTorch.

Machine Learning for Maize Yield Prediction: Built predictive models using agricultural and environmental datasets.

Adaptive TinyML Research: Researching adaptive edge AI for resource-constrained embedded systems.

EDUCATION

M.S. Computer & Information Science (GPA 4.0) – Marquette University (2026)

B.S. Software Engineering (Honors, GPA 4.0) – Zimbabwe Open University (2025)

B.B.S. (Honors) – University of Zimbabwe (2014)

CERTIFICATIONS

- Software Engineer Job Simulation – Hewlett Packard Enterprise
- Data Analysis Essentials using Google Colab – Excelerate
- Data Visualization Associate Internship – Excelerate
